Unbranded Balloon Hire with or without Banners

Exclusive Ballooning now offer the unique opportunity of branding your own balloon for one off events or flights. This is also a great option to pass on to event sponsors or use to advertise your event to the press.

Banners can be digitally printed in black and white or full colour direct from your .eps file. Lead time is three to four weeks for banner production and the banner remains your asset. The banner space on the smaller pink balloon is over 800 square feet and the white balloon almost twice this. For information regarding banner costs please contact us with your artwork requirements.

These balloons are also available for corporate flights and branding at balloon events such as the Bristol Balloon Fiesta and other major outdoor events such as the London Marathon or outdoor concerts etc.

We also offer both balloons without banners for any occasion.
